**Anastasia is a lazy housewife, who brings together a group of nerds she meets in her own diner. Their goal: to rid their world of witches who practice the black arts. This is a party game, where you can build your own world, and have fun destroying it. \*Requires OS: Android 4.4+ or iOS 6.0+\* WHAT'S YOUR FAVORITE KIND OF WITCH? Follow the witch hunter's quest through their world, completing missions to clear missions to unlock new witch types. CHOOSE YOUR OWN DINER: You can choose to play as either the witch or the witch hunter. The witch hunter will be a little harder to play as, since he needs to recharge his witchfinder's powers to succeed. NEW SAVE AND LOAD FEATURES: Save and load between missions to continue your game. No more need to quit and start over. AVAILABLE INTRO SOUNDTRACK: Supports both Japanese and English FULL SINGULAR AND DUAL AUDIO: In our party game, there is always someone who speaks during events. For the players who prefer not to hear the full story, we include a speaker in the event and the sound can be muted, so you can play your game the way you want. They're screaming "fire" in a crowded theatre, often and with little provocation. If people would just cool down and take a deep breath, I'm sure we could all agree that Trump is perhaps a bit of a buffoon, but the revolving door of White House staff is strong with purpose. [Read More] Last year, I decided to take the green rings and use them for something awesome. I've had a tube of green gel nail polish in my makeup kit for ages, so I decided to use that as a basecoat for some gold tones. It works really well! [Read More] Let's face it: not a lot of games are as fun as Pokémon. While emulating success of the franchise, Culdcept Revolt provides a fun and innovative alternative. As a lover of anime, it's hard not to like a game full of colorful characters, cute dialogue, and a beautiful graphical style. Culdcept Revolt is a platforming adventure that adapts the old gameplay of the "Culdcept" series while adding more innovative elements. **Free Unnamed Fiasco [March-2022]**

Cosmonautica is a space-age adventure set in the not-so-distant future. As a trainee cadet in the space program, you are called to the stars to stave off the end of the world. Your job is to stop an alien invasion. Your quest takes you through pristine Martian landscapes, a wild internet, a derelict space station, and plenty of other hideouts and surprises. Cosmonautica is about exploration and fun. You are an action hero with a rocket pack and a space gun. This means you can shoot aliens from a distance or down close. You can boost up or bounce along the ground to any object or place. You will have to make use of all of these features to get through the game. You're not alone. Much of Cosmonautica takes place in the Ether, where you can share your space adventures with your friends. In this mode, a single play through can easily take hours to complete. Cosmonautica is comprised of many hours of music (in mp3 format), artwork and sound effects. Key Features: Galactic Starship Combat, Rocket Boots and Exo-Plane: A rocket powered jet pack, boots and a weapon let you explore the galaxy. Jump, boost and blast obstacles in your way! Quartet Galaxy: Your main plot is about stopping a hostile alien invasion. In the meantime, you can explore the Quadrant Galaxy and take on side missions. Cosmic Adventures: You cannot stop the invasion, but you can take part in other Galaxies and Quarters. Game Modes: Arcade, Adventure and Endless. Rivals, Guilds and Merchants: Play with other players and build a reputation. Audio and Visual: An original soundtrack, bells, lightshows, and plenty of disco music. Community: An Ether community chat and more. Bugs, Features, and Sides: The game is semi-complete and playable. Many features are in the works. Downloads Missing games and patches are available for download. Composers and Music: Wonderful original soundtrack composed by Bob Uhlmann. Main tracks by Sonic Pae and inVisionat. Bonus tracks from Bob Uhlmann's project Cosmonautica. Art and Tiles: Created by veteran pixel artist Kramer. Uhlmann's original art and tiles. Cinematic Tiles by inVisionat. Beta Music: By an anonymous composer
